

#360 Planningprotection

Solid foundation for architects and engineers

MISSION

Wir optimieren Ihre Berufshaftpflichtversicherung anhand der tatsächlichen Gegebenheiten Ihres Risikos.

We optimise your professional indemnity insurance based on the actual circumstances of your risk.

Professional insurance and business liability insurance, property insurance policies, D&O insurance, including extended criminal liability insurance, cyber insurance, office contents and electronics insurance – everything from a single source.

Services

- ✓ International health insurance for business travel
- ✓ Individual and group accident insurance
- ✓ Company and private legal protection
- ✓ Motor vehicle insurance
- ✓ Contract and professional fee protection

Team of experts

I. Target groups

For our target group of independent architects, civil engineers and consulting engineers, all other project participants, such as experts/appraisers, project controllers, interior designers, and landscape architects, we offer individually tailored insurance concepts, in particular for single offices, medium-sized offices and large planning offices – active nationally and internationally.

II. Services

Three fully qualified lawyers are available in an advisory capacity for policy reviews of existing architect and engineer policies from the insurance law perspective, to alert you of possible gaps in cover. Naturally, in the event of loss our three fully qualified lawyers are entirely at your service for the dialog with your insurer, from notification of loss to settlement of the loss events.

III. Risk-management

To preserve the liquidity of your company and to safeguard the private assets of board members, we transfer strategic and operative risks of management bodies and supervisory bodies into special D&O cover concepts, including extended criminal liability protection. We design tailor-made solutions for cyber risks associated with the advancing digitalization. Our office contents and electronics insurance offers additional insurance concepts for your commercial and technical office equipment.

IV. Sustainable concepts

- ✓ Comprehensive advice when changing the legal form of your planning office
- ✓ Solutions for international offices, even in so-called “non-admitted countries”
- ✓ Best-in-class concept for start-up planning offices
- ✓ Property insurance policies for single-building projects, including co-insurance of the personal statutory liability of commissioned sub-planners
- ✓ Tailor-made solutions for manager liability, incl. extended criminal liability protection
- ✓ Passgenaue Lösungen zur Managerhaftung einschließlich erweitertem Straf-Rechtsschutz
 - Company-D&O
 - Personal-D&O
- ✓ Cyber risks – exclusive framework agreements for architects and engineers
- ✓ Office Contents and electronics insurance
