#360 Jewelry/valuables insurance

Individual insurance solutions for the jewelry and timepiece industry

Mission

Whether in your own domicile, on trips, at trade fairs, and during customer visits or transport - Trading with high-quality jewelry, expensive timepieces and other valuables is very sensitive and requires highly individual insurance solutions. For more than 20 years we are a special insurance broker for the jewelry and timepiece industry, and we know the special requirements of this sector. national and international specialtailored insurance coverage market. Our experience in this area allows us to provide fast, professional assistance - from risk assessment to choosing a suitable insurance company and, of course, processing of claims.

Comprehensive security package prevention is the key factor

One of the most effective measures for minimizing insurance rates is prevention. The expert tips on our website regularly provide information about the common tricks repeatedly used by swindlers and criminals.

We also offer a comprehensive security check for your business, to determine the right insurance coverage for you!

Special concept

Transport-Trip-Warehouse (TTW)

Who insures your goods on business trips or at trade fairs? How do you protect your goods during transport or sales negotiation?

We have developed a special TTW concept to meet the individual requirements of the jewelry and timepiece industry. We offer you a unique combination of all-risks insurance and individualized coverage modules. Specifically: Your valuables are optimally insured while in transport, on trips and during storage at your own domicile.

Individual transport solutions

In the jewelry and timepiece industry, valuable goods are dispatched on a daily basis. Special partnerships with experienced transport companies allow us to guarantee excellent protection of your goods. We also offer you special shipping rates with high limits, special policies for optimized highvolume shipping, and individual transport concepts.

We assist you with the following:

- Risk analysis
- Choosing an insurer
- Professional processing of claims

Added value

- · Direct contact person
