## Commercially traded art

Specialized coverage for galleries, art dealerships and auction houses

### Mission

Trading and handling of high-quality art and collector's items increases the complexity of insurance coverage for galleries, art dealerships and auction houses.

In addition to coverage for art in sales exhibitions, areas outside the gallery also have to be insured, including art warehouses, worldwide transport, art fairs and exhibit tours, during restoration, framing, photography, or trial hanging at the customer's premises.

### Individual coverage options

- ✓ Own portfolio
- ✓ Goods on commission or display
- ✓ Auction goods
- ✓ Technical and commercial operating facilities
- ✓ Technical exhibition equipment
- ✓ Catalog inventory, collector's items
- ✓ Cash balances
- ✓ Business documents
- ✓ Complete coverage during transport

### Team of Experts

#### Individual solutions

We help you to protect art that is to be sold or auctioned, so you can concentrate on organizing private viewings, exhibition tours, art fairs, auctions and transport.

As a specialized insurance brokerage, we are familiar with the special requirements, and our excellent access to all art insurers in Germany makes it possible for us to offer you custom-tailored coverage concepts for your art.

Our experience in this area allows us to provide fast, professional consulting – from risk and value assessment to choosing a suitable insurance company and, of course, processing of claims involving damage to art.

### 360° Service
