

Mission

Your custom-tailored insurance protection extends from wall to wall and nail to nail, with no gaps and according to international standards. Our service does not stop at establishing the insurance coverage, but continues with professional assistance on a day-to-day basis. Intelligent prevention can avert many claims, thus protecting you against ideal and monetary losses.

Coverage for cultural assets

The cultural duty of making art available to a broad public is an area of responsibility that requires protection. In addition to the stationary risk within the museum facilities, worldwide transport of art to museums, exhibit institutes or exhibit tours likewise involves risks and requires special handling of art objects.

Individual coverage options

- ✓ All-risk coverage – insured against destruction, damage and loss due to all types of causes
- ✓ Reference library, collector's items
- ✓ Exhibit equipment such as pedestals, display cases, lights
- ✓ Cash balances
- ✓ Business documents, catalogs
- ✓ Goods in the museum shop
- ✓ Coverage during restoration, framing, or at auctions
- ✓ On all transport routes worldwide

Team of Experts

Individual solutions

We help you with your cultural responsibility of acquiring, preserving and exhibiting mankind's artistic heritage for educational purposes and provide specialized art insurance for the protection of cultural assets in the institutional sector.

We have extensive art expertise and are familiar with the special requirements due to our excellent access to all art insurers in Germany. This allows us to offer you custom-tailored coverage concepts for your museum concept.

Our experience in this area allows us to provide fast, professional consulting – from risk and value assessment to choosing a suitable insurance company and, of course, processing of claims involving damage to art.

360° Service
